Advertisement - Cleveland and Stevenson. For President, Grover Cleveland, of New York. For Vice President, Adlai E. Stevenson, of Illinois.

Assistant Secretary of War Grant and Capt. Miller of the quarter master's department, arrived at Mackinac Island last Sunday. Capt. Miller is inspecting post quarters and Secretary Grant is to determine the feasibility of putting in water works

to supply Fort Mackinac and the cottage on the government reservation. The estimated cost is \$30,000.

Remember the excursion on the steamer *Algolah* tomorrow afternoon, and every Sunday hereafter, during the summer months. The cheapness of the trip, 25 cents, should make those excursions very popular. Let everybody go.

The nation is now drawing

upon its reserve of oil and joy riding may be prohibited in consequence until the end of the war. The enormous supply of gasoline used by the army for transport and other service makes the question of supply a serious matter.
